Deepanjali 2025

Football ground, RPNLU, Prayagraj - 16 October 2025

The campus of Dr. Rajendra Prasad National Law University lit up with joy and excitement on the evening of 16th October 2025, as the Cultural Society hosted the much-awaited celebration - Deepanjali 2025, an evening for Diwali celebration.

The event intended to bring together, students and faculty members, and create a spirit of joy, marking one of the most awaited celebrations of the semester. The event kicked off with a groovy DJ session that instantly set the festive mood. Laughter, cheers, and music filled the air as students rushed to the dance floor, vibing to every beat.

Soon after, the first activity of the evening was announced, a fun partner-finding game that got everyone moving and laughing. Chits bearing the names of famous couples were distributed among participants, and the challenge was to find one's matching partner. The first thirty pairs to successfully match were selected for the second round.

The second round was no less entertaining, the balloon race had everyone cheering. The selected couples, divided into three rounds of ten pairs each, had to balance a balloon between their backs and race to the finish line.

The sight of participants trying to move in sync without dropping the balloon had everyone bursting into laughter.

As the game concluded, with the pairs of Mr. Aditya Dixit & Ms. Tanu Grewal, of B.A.LL.B. (Hons.) 3rd Semester and Ms. Kriti Raj & Mr. Sarthak Sharma of B.A.LL.B. (Hons.) 1st Semester bagging the winning title; the DJ returned, and the night turned into a dance fiesta once again.

The attendees then immersed themselves in a lively and engaging session, where radiant smiles, vibrant attire, and the evening's cherished moments were beautifully preserved. Each instance reflected the warmth, joy, and togetherness that defined the occasion.

The evening drew to a truly enchanting close with the lighting of lanterns—an ethereal spectacle that illuminated the night and left everyone in a sense of quiet awe.
